Smithtown Township Arts Council works to support itself financially through the many programs and events offered to Long Island Communities. As we all struggle to survive in this difficult economic time we ask you to consider the lasting and far-reaching value of the arts in your lives.

Why Participate in the Arts?

The Arts are proven, powerful engines that support the growth and development of healthy communities. Arts institutions provide and support other jobs, and make downtowns more attractive to people and other businesses, giving identity and character to towns.

The Arts are a vital and growing sector of the travel and tourism industry and as part of the creative economy, are a powerful magnet for attracting talent and resources.

The Arts teach us tolerance, respect and understanding for other cultures. They celebrate our social, religious and communal values.

The Arts are immensely powerful forces in building our sense of identity and celebrating cultural diversity.

The Arts teach invaluable life and professional skills... integrative thinking, teamwork, self-discipline and self-confidence.

People who participate in the Arts find opportunities for expression that help them through times of social crisis and tragedy.

A recognized 501 (c) (3) not-for-profit organization, we are classified as a public charity under sections 509(a)(1) and 1 70(b)(1)(A)(vi) of the Internal Revenue Code.

Donations are fully tax-deductible. You may now process your donation through PayPal our website www.stacarts.org
